"Powering Next-Gen Connectivity"

High-Performance Fiber Optic Solutions

LEADING
MANUFACTURER
OF FIBER OPTIC PRODUCTS

Delivering robust, high-Speed Fiber Optic Infrastructure for modern Communication Networks.

B-35, Nandkishor Industrial Estate,
Off Mahakali Road, Near Paper Box,
Andheri East, Mumbai - 400093

TELESPACE®
NETWORKS

OUR CATEGORIES

DEFENCE & MILITARY

Mission-critical connectivity solutions engineered for the toughest environments. Built for reliability, security and performance when it matters most.

MANUFACTURING

In-House Precision.
Mission-Ready Performance.

01

Harnesses and Optical Systems

02

Mil Aero Fiber Optic Cable Assemblies

03

Tactical HMA Fiber Optic Cable

04

Outdoor Fiber Optic Cable Assemblies

05

Tactical Cable Reel / Harsh-Environment Cable Drum

06

Tactical Cable Reel / Harsh-Environment Cable Drum

QUALITY MANUFACTURING. CONNECTING TOMORROW.

TELESPACE®
NETWORKS

OUR CATEGORIES

PROFESSIONAL SOUND & LIGHT

High-performance connectivity solutions engineered to power professional audio, stage lighting, and AV systems with reliability that professionals trust.

MANUFACTURING

Precision-built with advanced processes and strict testing for maximum performance.

01

XLR Snake Cables

Use it in studios, live shows, DJ gigs, and stage boxes.

02

Expanded Beam Connectors

More channels, more data, more power. For the big jobs.

03

CAT6 SFTP Snake Cable

Works with a wide range of equipment—mics, mixers, audio systems

.

04

8K Fiber Optic HDMI Active Optical Cable

Supports HDMI 1.4 / 2.0 / 2.1 – Past, present, and future ready

05

Optical Con Connectors

Professional-grade – Studios, OB vans, live concerts, and field productions trusted

06

LC/FC/SC/ST 6F Armored Tactical Cable

Supports long-distance high-speed connections for enterprise and telecom infrastructure.

QUALITY MANUFACTURING. CONNECTING TOMORROW.

NETWORKS

OUR CATEGORY

BROADCAST SOLUTIONS

Engineered for mission-critical broadcast environments with high reliability, low latency, and uncompromising performance.

MANUFACTURING

In-house Manufacturing. Precision. Performance. Quality.

OUR BROADCAST RANGE

01

SMPTE Hybrid Cable

02

SDI Cable /
Fiber-SDI Converter

03

SMPTE - SC
Hybrid Cable

04

Fiber - SDI Convertor

BUILT FOR BROADCAST
Reliable in every critical moment.

RIGOROUSLY TESTED
Ensuring consistent quality & durability.

EXPERT SUPPORT
Technical guidance you can trust.

ON-TIME DELIVERY
Dependable supply when it matters.

QUALITY MANUFACTURING. CONNECTING TOMORROW.

TELESPACE®
NETWORKS

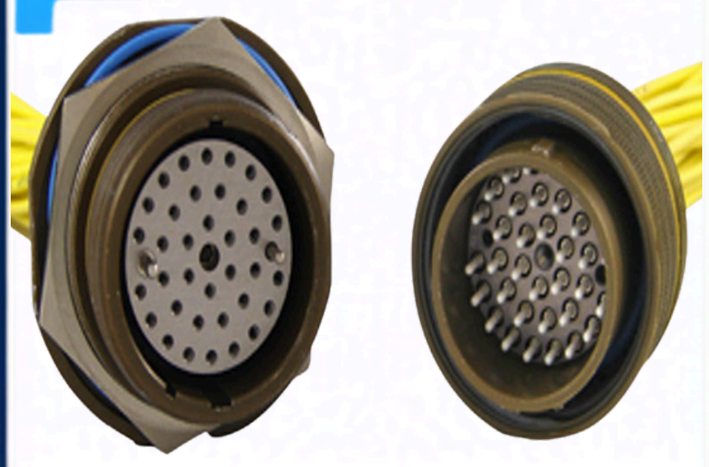

OUR CATEGORIES

OFFSHORE CONNECTIVITY

Engineered for the world's harshest offshore environments. Our connectivity solutions deliver uncompromising performance, reliability, and durability across marine and subsea operations.

MANUFACTURING
Precision-built for offshore excellence and endurance.

01

Fiber Optic MIL Connector

02

Fiber Optic ODC 2/4CH Connector

03

Fiber Optic MIL Connector 4CH - 48CH

QUALITY MANUFACTURING. CONNECTING TOMORROW.

TELESPACE®
NETWORKS

OUR CATEGORIES

WIND & POWER ENERGY

High-performance fiber optic solutions engineered for the demanding environments of wind & power energy systems.

OUR STRETH

MANUFACTURING

BUILT TO PERFORM. BUILT TO LAST.

Precision manufacturing.
Reliable connections.

01

Fiber Optic Harting LC Connector

02

PCF 200/230 Micron SMA Connector

03

PCF 200/230 Micron HFBR Connector

QUALITY MANUFACTURING. CONNECTING TOMORROW.

MANUFACTURING
EXCELLENCE

INDUSTRIAL & MEDICAL

Engineered Fiber Optic Solutions for Demanding Environments

Our Industrial & Medical product range delivers reliable, high-performance fiber optic connectivity for critical applications. Designed, precision manufactured, and tested to the highest standards.

01

POF TOCP 200 Connectors

02

POF HFBR Connectors

03

Fiber Optic Connector for Medical

QUALITY MANUFACTURING. CONNECTING TOMORROW.

TELESPACE®
NETWORKS

OPTICAL LASER SENSOR SOLUTIONS

PRECISION. RELIABILITY. PERFORMANCE.

ENGINEERED & MANUFACTURED FOR EXCELLENCE.

QUALITY MANUFACTURING

Advanced Manufacturing • Precision Engineering • Rigorous Testing
End-to-End Solutions

BUILT FOR HIGH PERFORMANCE

Manufactured to stringent standards for critical sensing applications.

OPTICAL LASER SENSOR PRODUCTS

High-performance fiber optic components and assemblies for demanding sensing applications.

Fiber Optic SMA Connector for Laser Sensor

QUALITY MANUFACTURING. CONNECTING TOMORROW.

NETWORKS

OUR CATEGORIES

TELECOM & NETWORKING

High-performance connectivity solutions engineered for reliability, low loss, and durability across mission-critical telecom and networking environments.

MANUFACTURING
Engineered. Manufactured.
Delivered with Precision.

01

Fiber Optic MTP OM4 Patch Cords

02

Fiber Optic MTP OM3 48F Patch Cords

03

LC/FC/SC/ST Duplex Armored Tactical Cables

04

T6 UTP LSZH Slim Patch Cord

QUALITY MANUFACTURING

We manufacture high-performance fiber optic solutions with precision, reliability, and a commitment to excellence.

01

Understanding Your Requirements

We listen first — mapping every technical, environmental and delivery need.

02

Design & Customization

Engineered to specifications, prototypes and solutions tailored to your application.

03

Defect-Free Production

Rigorous checks and quality-focused manufacturing for consistent and reliable performance.

04

Delivery & Support

On-time dispatch, seamless logistics, and lifecycle support you can rely on.
